Committee on Parks
Chair, Joey Manahan

Resolution 13-153 Renaming Manana Neighborhood Park to Shigeo Ushiro Manana Neighborhood Park

My name is Bob Kubo and I support Resolution 13-153. I joined the board of directors of Pearl City Community Association and got to know Shigeo Ushiro who was the voice for the Manana Community Association. He later joined the Pearl City Community Association board of directors and served as it's President in 1990 and 1991. He was always involved with the planning committee for all community activities throughout his years of service to the Pearl City Community.

I recall attending the many meetings of the Pearl City-Aiea task force for two years and the monthly meetings on the rail transit stop station in Pearl City with Shigeo Ushiro.

Shigo Ushiro was always like a sparkling morning dew, positively and refreshingly energized to go forward with projects.

Aloha,

Bob Kubo
